

Cables and Accessories

A-LA800

Accessory lenses for full body cameras

Accessory Features:

Cables:

- Intended for use with all ADT observation systems, cameras and accessory units.
- Camera cables feature modular 6 pin interconnections
- Coaxial cable for high quality video signal preservation
- UL rated for above ceiling commercial installation

Line Amp:

- Intended for use with ADT observation systems when camera cable distances exceed 300 feet.
- Adjustable video gain and HF gain controls
- Includes 15V dc power supply and 16-foot cable connection

Lens:

- 1/3" CS mount
- Vari-Focal
- Manual iris and dc-drive auto-iris
- Pre-wired for standard 4-pin auto-iris cable and connector

Installation and Operation

The camera cables are 6-pin RJ-11 interconnection cables for use with the ADT CONKITs, cameras and accessory units. Camera extension cables are available in lengths of 16', 60', 100', 200' and 300'. The A-LA800 line amplifier is recommended for cable runs longer than 300'. The line amplifier is shipped with a 15V dc power supply.

Several adapter cables are available to connect ADT observation systems to equipment using BNC input connectors, such as VCRs and DVRs. The A-A2VCBNC is a 6-ft VCR/DVR interconnection cable with RJ-11 for observation monitor connection and two RCA connectors for audio in and out and two BNC connectors for video in and out.

The CONKIT conversion kit will convert one RJ-11 camera to BNC and provide power for the camera for connection to residential televisions.

The CONKITxC series is a 4-, 9-, and 16-channel interface used to convert the RJ-11 camera connections to BNC and RCA connectors for use with digital video recorders. The ACB-6 (6' RCA cable) is used to connect the CONKITxC audio output to the DVR. The A-AB50C, BNC cable is used as a general purpose 50' video extension cable for system or PVM video connections.

The A-RF2BM adapter will convert a RCA cable to a BNC connector.

Ordering Guide:

SCN#	Item
A-A5C	Camera Cable, 16' RJ11
A-A18C	Camera Cable, 60' RJ11 and adaptor
A-A30C	Camera Cable, 100' RJ11 and adaptor
A-A60C	Camera Cable, 200' RJ11 and adaptor
A-A90C	Camera Cable, 300' RJ11 and adaptor
A-LA800	Line Amp
A-AB50C	Cable, 50' BNC to BNC
BB-3	Cable, 3' BNC to BNC
BB-6	Cable, 6' BNC to BNC
ACB-6	Cable, 6' RCA to RCA
A-A2VCBNC	VCR Cable, 6' RJ11 to RCA/BNC
A-MBR135	Cable, 6", RJ11/RCA/BNC for system A/V input – non UL
A-RF2BM	Adaptor, RCA to BNC
A-RJ2BNC P	RJ-11 to BNC/Power Pin
A-RJ2BNCST	RJ-11 to BNC/Screw Terminal
A-MA800	Modular cable adaptor, RJ11/RJ11
A-TV190PA	Cable, 6' RJ11 to BNC/RCA and power supply for A/V input – non- UL
CONKIT	RJ-11 to BNC camera conversion kit including (1) A-MA800, (1) A-RF2BM, and (1) A-TV190PA
CONKIT4C	4-channel Audio/Video/Alarm/Power interface
CONKIT9C	9-channel Audio/Video/Alarm/Power interface
CONKIT16C	16-channel Audio/Video/Alarm/Power interface
1512AC	BNC / Power Pin to RJ-11 w/dropping resistor
A-LTV2Z3314CS	Varifocal 3.3-8mm manual iris lens
A-LTV2Z3314GCS	Varifocal 3.3-8mm DC auto iris lens
A-LTV12Z0516CS	Varifocal 5-60mm manual iris lens
A-LTV12Z0516GCS	Varifocal 5-60mm DC auto iris lens
A-XDLBW2	Lock box for all DVRs and VCR
KO600C	Intercom, 2-way audio, RJ-11
